ABOUT ME

I am a highly motivated and results-driven Software Engineering graduate with a Second Upper Class from the University of Westminster, UK (affiliated with the Informatics Institute of Technology, Sri Lanka). With over 3 years of professional experience in full-stack mobile application development, I have successfully designed and developed 15+ diverse mobile applications using technologies such as Flutter, React Native, Swift, and Kotlin. My strong academic foundation, combined with hands-on industry expertise of more than 2 years, enables me to build efficient, scalable, and user-friendly mobile solutions that deliver real-world impact. Beyond technical excellence, I thrive in collaborative environments, take initiative in problem-solving, and bring leadership and teamwork skills honed through professional projects and extracurricular activities.

EDUCATION

BEng(Hons) Software Engineering

Completed with a Second Upper Class
University of Westminster - UK
2021 - 2025

School

Royal College Colombo 07
2020

EXPERIENCE

2025 - Present

DB International Technology (PVT) LTD
(China based company)

Associate Software Engineer (Mobile Application Developer job role) - Flutter

Full-stack Mobile Application Development.
Database design and development (SQL)
Back-end development (Golang)
API development and Integration.
External Services Integrations (Google, Firebase, etc.).
Publish to Google Play Store & Apple App Store.

2024 - 2025

WAD International (PVT) LTD

Associate Software Engineer - Flutter

Mobile Application Development.
API Integration.
External Services Integrations (Google, Firebase, etc.).
Publish to Google Play Store & Apple App Store.

WAD International (PVT) LTD

Mobile Application Developer - Intern

Mobile Application Development.
API Integration.
External Services Integrations (Google, Firebase, etc.).

2022 - Present

Perera Technologies

Founder

Self-employed.
Mainly Offering Mobile Application & Web Development Services.
Also offering Machine Learning based developments.
pereratechnologies.com

SKILLS

- Strong problem-solving skills with the ability to design and implement complex software solutions.
- Proficient in Agile/Scrum methodologies, with proven experience collaborating effectively within cross-functional teams.
- Expertise in Mobile Application Development using Flutter, React Native, Swift, and Kotlin.
- Hands-on experience in API development with FastAPI and RESTful services, as well as Firebase for real-time database and authentication.
- Full-stack development exposure, including frontend (Flutter, React Native, Swift, Kotlin) and backend (FastAPI, Firebase, Golang).
- Web Development: WordPress, HTML, CSS, JavaScript.
- Skilled in Database Management with Firebase, SQLite, MySQL.
- Proficient in programming languages including Java, Python, Dart, and JavaScript.
- Knowledge of CI/CD pipelines, version control with Git/GitHub/GitLab, and automated deployments.
- Familiar with cloud services such as Google Cloud Platform (GCP), Firebase, and AWS for app hosting, storage, and notifications.
- Experience integrating third-party APIs, payment gateways, and push notifications into mobile apps.
- Docker: Containerization for scalable and portable deployments.
- Swagger (OpenAPI): RESTful API design and documentation.

PROJECTS

University Final Year Research Project

- Inventro – Smart Restaurant Kitchen Inventory Management Mobile Application.

Technologies: Python(Machine Learning), FastAPI(API), Flutter(Mobile App), Firebase(Database).

University 2nd Year Group Project

- Music Player with Gesture Recognition and Voice Recognition.

Technologies: Python(Machine Learning), Spotify(API), HTML, CSS.

WAD International (PVT) LTD Projects

- Slash Deals Mobile Application – Flutter.
- Stara by LoveDigits Mobile Application – Flutter.
- Soteria by Ansell (Tabs and iPads targeted Application. Also optimized for mobile users) – Flutter and FlutterFlow.
- Sri Lanka Tourism Board Mobile Application – Flutter, Firebase messaging.
- CarEka Mobile Application – Flutter.
- Guess The Song Mobile Application – Flutter.
- Leave Management Mobile Application – React Native

University Mobile Application Development Projects

- Recipe App (Kotlin).
- Dice Roll Game (Kotlin).
- Clone of iPhone Weather App (Swift).

DB International Technology (PVT) LTD Projects

- SplitEx Mobile Application (Flutter, Firebase).
- HourMate (Flutter, Firebase).
- Study Abroad (Flutter, Golang, MySQL, Swagger, Docker)

EXTRA CURRICULAR

National Level – Cricket

- Represented Sri Lanka Under-15 National Team for Tour of Malaysia – 2016.
